

NILES REPORTS DEATH OF FIRST SOLDIER IN ACTION

The first gold star to hang in the window of a Niles home is that which replaces one of the five stars on the service flag of Ignacio and Maria Avila, of the Mexican settlement in Old Town. A telegram from the War Department has informed the parents that their son, JOHN, the first born of 11 children died at the age of 24 in the service of his country in Sicily.

Sergt AVILA enlisted in the infantry in 1941. His brothers in uniform are Pvt. MATTHEW, 21, with the engineers in Africa; Pvt. RITO, 20, a paratrooper overseas; Pfc. PETER, 19 in Canada, and IGNACIO 17, in training with the Navy in Idaho.

Six other children at home are Pietra, 15; Anna, 14; Eulalia, 12; Eleanor, 10; Eugene 9 and Lupe, 7. The father who came here from Texas four years ago is employed in the shipyards.

This is the third Washington Township boy to be killed in action; the others—Pvt. KENNETH SANTIAGO, 31, of Decoto, South Pacific and Sergt. JOSEPH ALLEGRE, 29 of Alvarado, at Attu. Of the approximately 1000 boys enlisted from Draft Board No. 75, only four have been listed from Washington Township as missing—Pfc. JOSEPH BERNARDO, 32 of Centerville, tank corps at Bataan; PAUL RIVERS, of Alvarado, U. S. Army Air Corps in the Solomon Islands; Sergt. JAMES SINCLAIR, 26, of Irvington, infantry in New Guinea and Lieut. DOUGLAS RORABACK, of Sunol, bombardier in the European area.

The first casualty from the township was Pvt. ERNEST AZEVEDO, of Mission San Jose, who died while in training in this country.

PVT. JULIUS PINE TO TRAIN DOGS IN NEBRASKA

On September 22 Pvt. JULIUS PINE of Niles will celebrate the anniversary of his arrival at the Army Air Base, Casper, Wyoming, a full year in which he has served as a military police in town and on the base.

The soldier was inducted into the army July 26, 1942 at San Francisco, a short distance from his home in the hamlet of Niles. On August 8 he began his basic training at Camp Kearns Utah, and was sent directly to Casper six weeks later.

As a civilian, Private Pine worked in an Oakland, Calif. shipyard, a job he retained for nearly three years before coming into the army.

Private Pine expects to be sent to a dog-training center in Nebraska some time this month. There he will pursue an accomplished hobby, one that he developed over a period of years in training his own dogs. At present, he has five of them at home.

Julius is also an apt swimmer and has spent many months as a lifeguard and instructor. Much of his swimming experience was gained at high school boy scout camps and at civilian pools. He was a member of the Boy Scouts of America for 14 years and reached the rank of Eagle Scout with two Palms (additional merit badges) before coming into the army.

In high school Julius starred as center on the football team and as a baseball player. He participated in both sports for four years.

In the armed forces from the same family are three brothers, Pvt. LAWRENCE of the Air Forces at Yeager Field, Wash., Seaman, First Class WELDON of the navy in the far east and T/Sgt. CLARENCE of the marines in the South Pacific.

W. U. H. S. TO OPEN FALL TERM NEXT MONDAY

CENTERVILLE — Washington Union High School will open for the Fall term next Monday September 20. All old and new students will register and attend classes on Monday, according to J. V. Good District Superintendent.

During the first week, and longer if necessary, all students will be dismissed by 1:05 P. M. so that they may work in the fields and canneries. Class periods will be forty minutes in length instead of the usual hour. Regular instruction will be given in all subjects.

It is hoped that local students who are over the compulsory attendance age will not sacrifice their education by quitting school and remaining on the job. Military authorities and Government officials are urging youths to remain in school until they graduate or enter military service. Senior Washington Union High School boys who enter military service during the school year will be granted their diplomas if they have satisfactory attendance, discipline, and scholastic records and remain in school until they enter the Armed services.

NILES BOYS ALMOST ENJOY SEA REUNION

"Ships that pass in the night" have new meaning for three Niles boys in the South Pacific. Mrs. Lawrence Bunting Sr. learned from a letter received from her son, Seaman First Class ROBERT He told of meeting and old friend, DOREMUS SCUDDER, of Niles, aerographer third class, stationed at a South Pacific base and of passing a ship in which his brother PETER BUNTING, petty officer third class, is serving.

NEWSPAPERS, SCRAP TO BE COLLECTED THIS WEEKEND

The Toyon Branch of the Children's Hospital of the East Bay is conducting a special drive this Saturday and Sunday for old newspapers, magazines, scrap metals, tires, rubber and cloth through the Niles and Centerville residence districts, and the rural district in between, according to Mrs. James R. Whipple, Branch chairman.

Housekeepers and businessmen who have accumulations of old newspapers are asked to bundle them securely and place them at the curb outside their homes or places of business any time Saturday or Sunday and they will be picked up by W. E. McElvain, salvage agent at Niles.

Residents of the rural district who are coming to town Saturday are asked to bring their papers, scrap metals and rubber to the Salvage Depot in the former Nelson Ice company building opposite the Central Bank in Niles, or if they cannot deliver their donations please phone Niles 3955 or 4482, giving their names and addresses and their contributions will be picked up.

Magazines are especially wanted. The current magazines are sent out to sea with the boys on troopships and old magazines are pulped up into paper stock again. Kindly bundle your magazines with heavy cords, set them at your curb or bring them in yourself, if convenient.

Scrap metal (other than tin cans), and especially old tires or other rubber articles are particularly

wanted. The government needs the scrap for war uses and the Children's Hospital needs the revenues which will accrue from your generous donations, above the cost of transportation and handling.

And thank you very much!

APPLY NOW FOR "T" GAS RENEWALS

Farmers and businessmen holding T gasoline ration coupons are advised to apply now for their fourth quarter renewals at the Washington Township War Price and Rationing Board, being sure to include your tire inspection records with your application. The sooner you apply for your new ration allotment the quicker you will get it, the Ration Board advises this newspaper.

The new brown Ration Book No. 3 need not be countersigned nor stamped by the local board so long as the square in the upper right hand corner of the cover has been validated via rubber stamp, rather than a pasted-on stamp.

The No. 3 books are now valid for use.

ALL NILES GROCERS CLOSED SUNDAYS

Beginning October 1 the Garden Basket and Duarte's Food Store will be closed Sundays, along with the Red and White and the New City Market, which have never been opened Sundays therefore there will be no grocery stores open on Sundays at Niles after the coming two Sundays.

The labor shortage requires this move, according to Joe Boliba and M. E. Duarte, proprietors of the first two stores named above, which have been keeping open long hours.

The Garden Basket and Duarte's Food Store will be open until 10 o'clock Saturday nights in order to accommodate late shoppers. After October 1 local housewives will have to do their marketing on Saturdays for the weekend. See their advertisement elsewhere in this issue.

NILES CHAMBER HAS NEW FLAG POLE ROPE HUNG

The Niles Chamber of Commerce resumed its weekly meetings Monday noon at the City of Florence Restaurant with E. E. Dias presiding and caught up a number of loose ends which had been left dangling through the summer months.

The victory garden contest was abandoned because the chairman had left the community and only two parties had entered the contest. The scrap metal drive planned for the summer was not held as report has it that the steel mill is not buying less than carload lots of scrap. The chairman said he would check on this situation and asked Walter Waynflete to assume the chairmanship, succeeding Dr. T. C. Wilson, former chairman, now in service. The government has asked that scrap metal be collected nationally from October 1 to November 15.

Secretary A. J. Petsche reported the board of directors had authorized the installing of a new weather-resistant halyard on the town's flag pole at a certain price. When the new rope was placed the party doing the work wanted more money than agreed upon so the Chamber authorized the secretary to pay the bill only at the price authorized.

The Chamber endorsed a resolution requesting the government to set the sugar beet acreage figures before the planting season this fall, rather than three months after the season as happened last winter.

Report was asked as to why the big acacia tree outside the Township Register building had not been removed as the county engineer's office had agreed to do last spring. The secretary will be authorized to write a letter of inquiry at next week's meeting.

Mrs. Fred Duffie of Niles is now working in the chemistry laboratory at the Pacific States Steel Corporation.

Township Raises 111,000 War \$\$

With but \$111,000 raised to Tuesday night in Washington Township's quota of \$560,000 in the Third War Loan Drive, we have already fallen \$35,000 behind our daily quota of \$28,000 of sales for the first four days, Chairman L. R. Burdick of Newark advised this newspaper Wednesday morning.

The above \$111,000 already subscribed includes the Township's share amounting to \$30,000, of the big investment made by the Pacific Gas & Electric company; \$16,000 as the Township's share of the Standard Oil company's purchase, plus \$1,000 as the Township's quota of the County Farm Bureau's purchase—so we are not doing so well individually just yet.

The chairman urges local individuals NOT to hold back until the last day but to make their purchases NOW. This plea is directed particularly to war plant workers who are earning large salaries for the first time, because the government is counting on families with less than \$5,000 annual income to make this great drive a success.

The fortune of our men fighting overseas and the very safety of our country depends upon putting over this drive which requires an investment of an EXTRA \$50 per capita by every employed adult in the nation. This is IN ADDITION to payroll deductions already being made by employers for their employees. Have you bought your EXTRA BONDS today?

STANDARD OIL BUYS

The Standard Oil Company of California gave Alameda County communities a big boost towards reaching their Third War Bond drive quota by buying one million dollars worth of bonds, of which \$4,000 was credited to each of the following Washington Township communities where the Standard Oil company has dealer representation:

Irvington, Centerville, Alvarado and Niles.

Many thanks, John D. May your ghost rest easy!

FARM BUREAU BUYS

The Alameda County Farm Bureau has purchased \$4,000 worth of bonds and has allotted \$1,000 each to the Centers at Eden, Washington, Pleasanton and Murray Townships.

In this drive the government gives credit only for the cost price, not for the maturity value of bonds purchased. In other words, if you buy \$500 worth of bonds, only the credit for the cost price, or \$375 is credited towards the 15 billion the government wants purchased before the end of this month, Niles Chairman R. A. Blacow advises this newspaper.

Y. L. I. HELPING BONDS

The members of the Niles Y. L. I. are helping the present War Bond drive by stationing members in banks at Niles, Centerville and Alvarado all next week. Mrs. Lucille Brown is chairman of the committee assisted by Mabel Cavanaugh, Mayme Roderick, Mary Machado, Carmelita Berge, Marion Zwissig and Lida Francis.

Its first owner was her grandfather, the late Henry Youngman.

Mrs. Snell is making her home with her mother on 3rd street in Niles.

Last Call for Home Canning

We always have wound up the canning season at home by making sauerkraut. Probably the reason is because the late cabbage as a rule seems so much better and is so firm.

Homemade sauerkraut makes me think of all the good-tasting Fall and Winter dinners we are going to have. Our favorite is sauerkraut with weiners or spareribs—and dumplings (made right on top the kraut); sliced onions in vinegar, with baked apple and ginger-bread for dessert.

TO MAKE KRAUT IN JARS

Mix shredded cabbage with salt, using 1/2 tablespoon salt to each quart cabbage. Pack firmly into sterilized glass jars, fill with cold water, adjust covers fairly tight. Store in comfortably warm place (75° to 85° F.) and where possible overflow of liquid will do no harm. If scum forms, remove it. The kraut will ferment or cure for a few days, and will be ready to use in a month. At that time, drain off juice, heat to boiling, pour over kraut again, and seal tight. Do not process.

SAUERKRAUT

20 lbs. cabbage
1/2 lb. (1/2 cup) cooking salt

Select firm, mature heads of cabbage. Remove outer leaves; wash well; quarter, remove core; slice very fine. Mix 5 lbs. (about 7 1/2 qts.) shredded cabbage with 2 oz. (3 1/2 tbsps.) salt; place in deep crock or tight wooden keg; tamp down firmly with wooden masher. Repeat until all cabbage is used. Press down, cover with clean white cloth, then with plate or round wooden board small enough to fit down inside crock; weight down with a clean rock to keep cabbage covered with brine that forms.

Keep in a warm place, 75° to 85° F. Inspect each day; remove scum with spoon; rinse cloth in clear water.

Kraut will be "cured" (appearance and taste will tell) in 10 to 20 days, depending upon amount of cabbage and temperature.

Kraut may be left in crock or keg all winter, in a cold cellar or basement (take care to remove any scum) or it may be canned from 1 to 3 months after curing. To can: drain off juice, pack cold kraut into hot sterilized fruit jars to 1/2 inch from top; heat juice to boiling, pour over kraut, seal, store in cool dark place. Do not process.

NOTE.—Cooking salt is salt without a filler and comes in bags.

MRS. GEO. PIMENTEL LAID TO REST ON SATURDAY

Funeral services for the late Mrs. Cora May Pimentel, 78, of Vallejo street were held from the Berge Mortuary company parlors here Saturday with Reverend D. Q. Grabill officiating and interment made in the Santa Clara Cemetery.

Cora May Mills was born in the State of Oregon, Nov. 13, 1864. She was married in 1903 to George Pimentel, making their home for a number of years in San Mateo County. Later they resided in Santa Clara, moving to Niles 13 years ago.

Mrs. Pimentel was active in church work, singing in a choir during her younger years. She was a lover of the Bible, and up to the last appreciated having it read to her, when she was no longer able to read for herself.

Besides her husband she leaves two daughters, Mrs. Marion Fisher and Mrs. Marjorie Smith, both of Vallejo, and a son, Harry Steiner of San Jose.

CHARLES HISER, 83, OF NILES, IS BURIED

Charles Hiser, 83, former merchant of Niles, died at an Oakland hospital September 3 and was given final rites at the Berge Mortuary Company parlors September 7. Interment was at the Holy Sepulchre Cemetery at Hayward.

Hiser would have celebrated his 84th birthday on September 18 and plans were being made for the 59th wedding anniversary in January. The only survivor is the widow, Mary, of Niles Glen.

Hiser was born in Valpariso, Ind., and has been in California for 50 years, the last 20 in Niles. He retired six years ago and had been in failing health for the past year.

FUNERAL TUESDAY FOR FLAG-SEWING PIONEER WOMAN

IRVINGTON — Reverend D. Q. Grabill of Niles officiated at the funeral held in the Berge Mortuary here Tuesday afternoon for the late Miss Ella Irene Newell, aged 83, who passed away at the home of her sister, Mrs. L. N. Schult, with whom she had resided for the past three years. A native of Los Angeles, Miss Newell had spent most of her life in San Francisco.

Miss Newell, working with a foster mother, made hundreds of flags, including the 75 foot emblem now in the Hawaiian museum and presented at the time of the annexation of the islands as a territory of the United States, August 12, 1898. The flag was made in Miss Newell's home but a special hall had to be hired to stretch and fold it when being prepared for shipment. Working on orders for a San Francisco firm, she made flags of every description and found her work not only her chief interest in life but a remunerative undertaking until competition with cheaper flags from Japan after the Spanish-American war wiped out the profits of hand-made goods.

Her father was Lewis Leartus Newell, who rode the pony express between San Jose and Los Angeles prior to 1863. She was born in Los Angeles, and lived most of her life in San Francisco coming to Irvington three years ago. The only survivor is the sister with whom she lived.

Leal was credited with having contributed considerably to the upbuilding of Irvington, which had been his home since 1888. He built the Leal Theatre, Leal Hall, where civic groups meet, and numerous business houses and residences. He was active in all community projects and was a member of the Washington Men's Club, U. P. E. C. No 79 and I D E S No 136 which he organized here. He was born in the Azores.

CANNED AT HOME and RATION FREE

Millions of American families are going to eat better this winter because the old-fashioned custom of "putting up" fruits and vegetables has come back for the duration.

But in canning vegetables, don't rely on old-fashioned methods. Be safe as well as thrifty. Ask the advice of the United States Department of Agriculture or your State Extension service. Non-acid vegetables should not be canned at home unless prepared in a pressure cooker.

Eat plenty of fresh vegetables while they're available. If you decide to can the surplus from your Victory Garden, or vegetables bought in the market, be sure the methods you use are modern—and be sure they're safe.

Gas and Electricity are Vital in War Production
even though they are not rationed
and are cheap to use—do not waste them!
